

THE WORLD FAMOUS FRANKENSTEIN & Bier Keller

IT'S ALIVE!

Welcome to Frankenstein Pub where Mary Shelley's tale gets real!

Victor Frankenstein was a young eccentric scientist who created a grotesque, 8-foot-tall creature in a scientific experiment. Although the monster wasn't given a name it was generally referred to as "Frankenstein" and while it was ugly and frightening, the monster also had a sensitive and emotional side. As Frankenstein attempted to fit into human society it was shunned and made an outcast which led him to seek terrible revenge against his creator!

Frankenstein Pub and the Bier Keller is housed in a 19th century church, and while the building pays homage to the monster, it also has a few secrets of its own...that often stalk the stairwells and cellars late at night...
